

# REPORT CREATION

Team ID	PNT2022TMID23152
Project Name	Global Sales Data Analytics

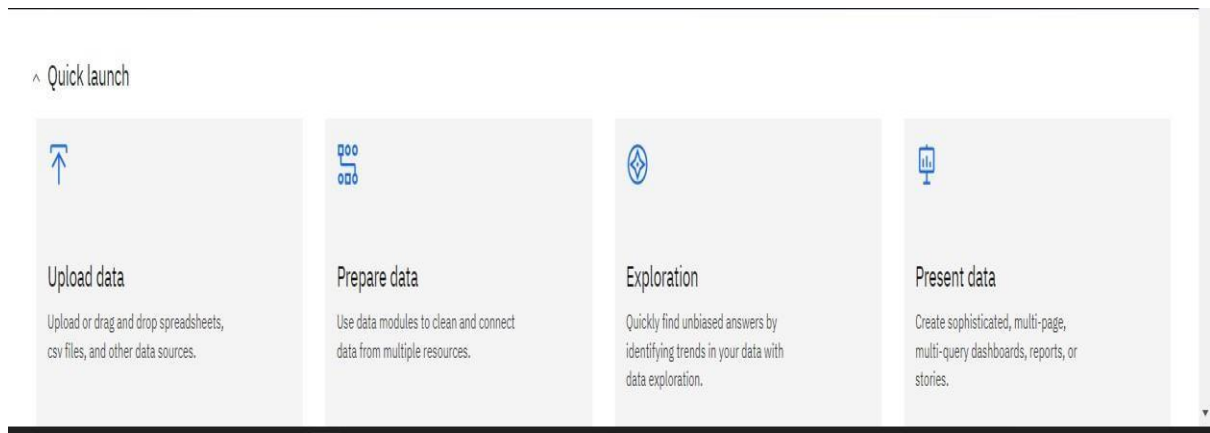

Report Creation:

Log in to Cognos Analytics

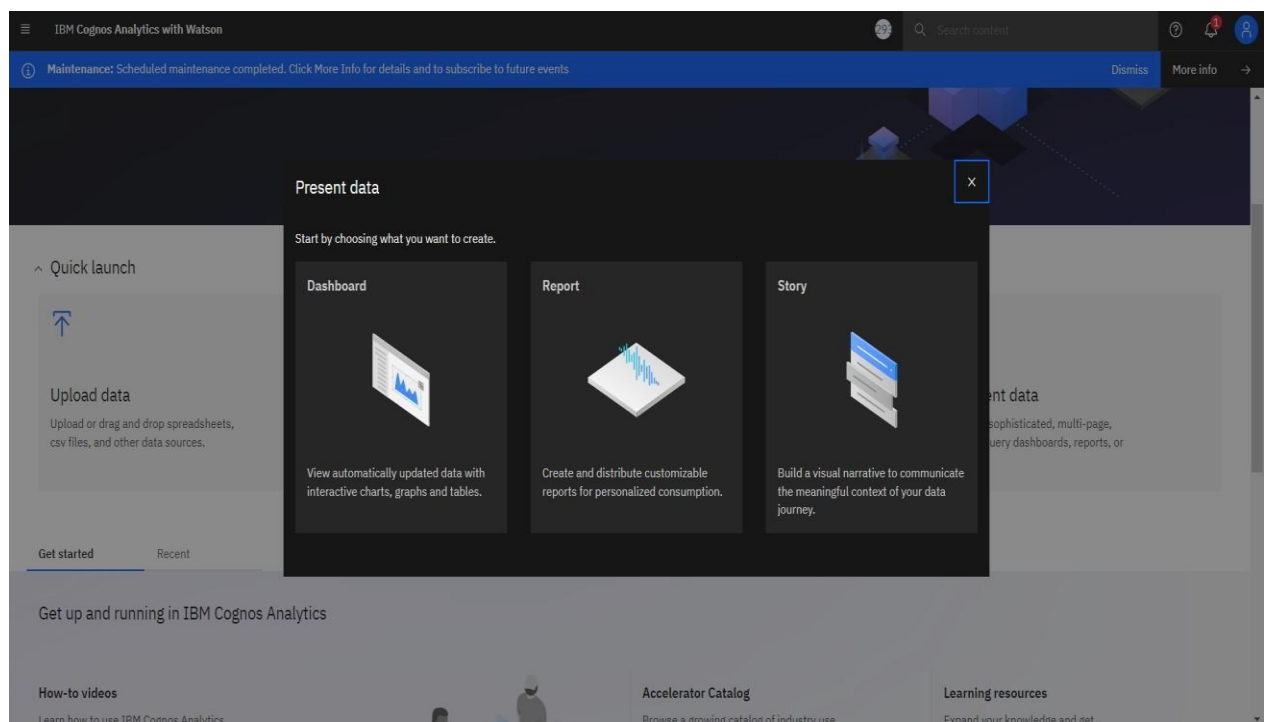

The screenshot shows the IBM My IBM portal. At the top, there's a navigation bar with the IBM logo, a user profile icon, and a menu icon. Below the navigation bar, there's a section titled "Products" with a sub-section "Trials" showing "1 Offering". The offering is "Cognos Analytics on Cloud Trial for Students", which is "Active" and "Expires on Sep 7, 2023". There are "Launch" and "Manage" buttons. To the right, there's a "View catalog" button. The background features a large graphic with the text "Let IBM provide you technology and business solutions to fit your needs" and "IBM's extensive list of offerings helps you find products that fit your technology and business needs. Get started with a free trial today!".

The screenshot shows the IBM Cognos Analytics with Watson dashboard. At the top, there's a navigation bar with the IBM Cognos Analytics with Watson logo, a search bar, and a user profile icon. Below the navigation bar, there's a "Maintenance" notification. The main content area has a large graphic with the text "Hello. Welcome to Cognos Analytics with Watson." and "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." There are "Watch video" and "Take a product tour" buttons. Below the main content area, there's a "Quick launch" section with four tiles: "Upload data", "Prepare data", "Exploration", and "Present data". Each tile has a brief description of the functionality.

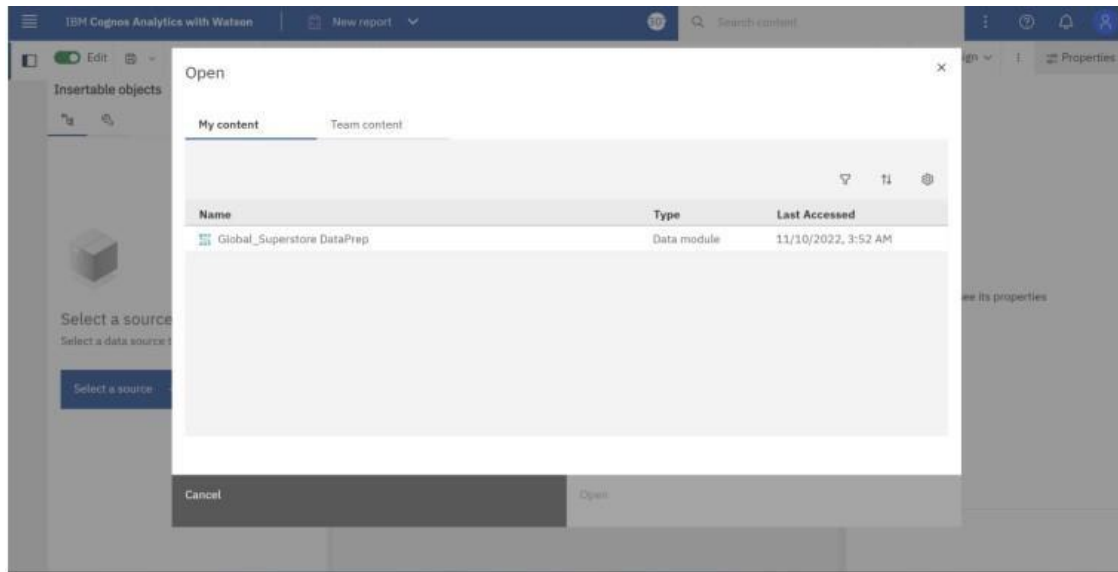

Go to Present Data:

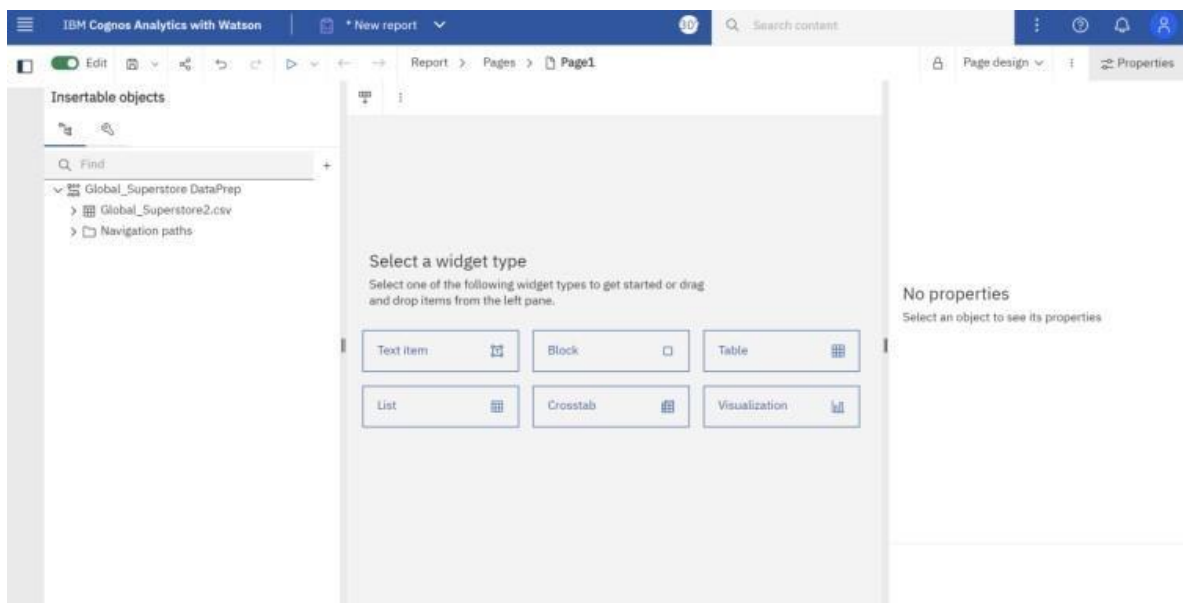

Click Report:

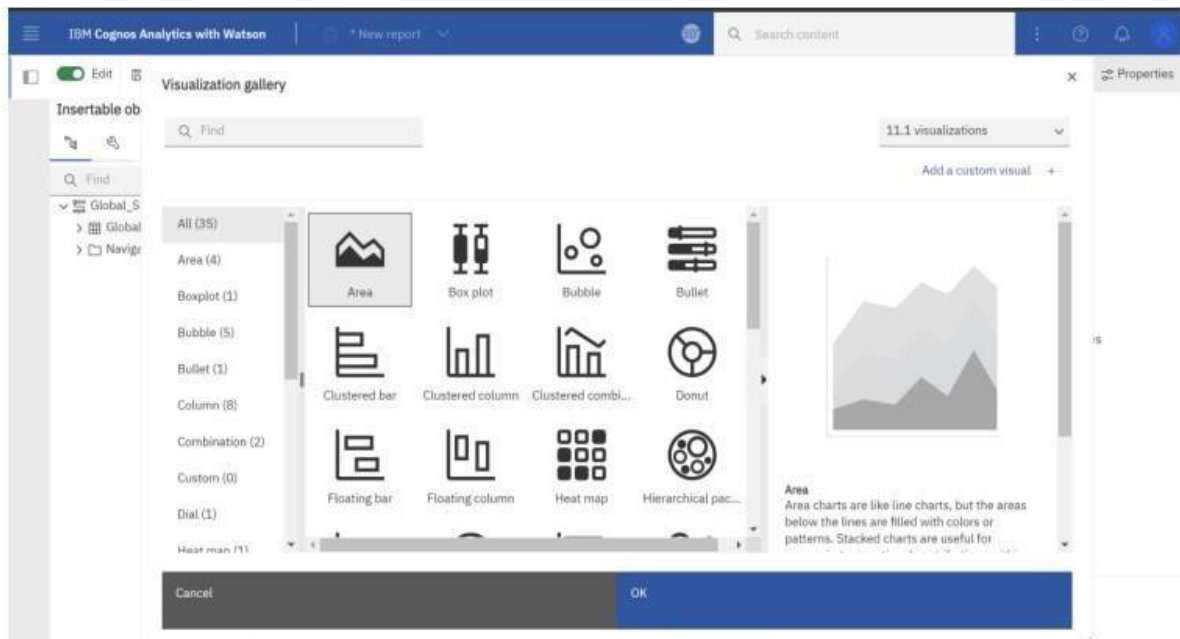

Select the dataset in which report need to be created :

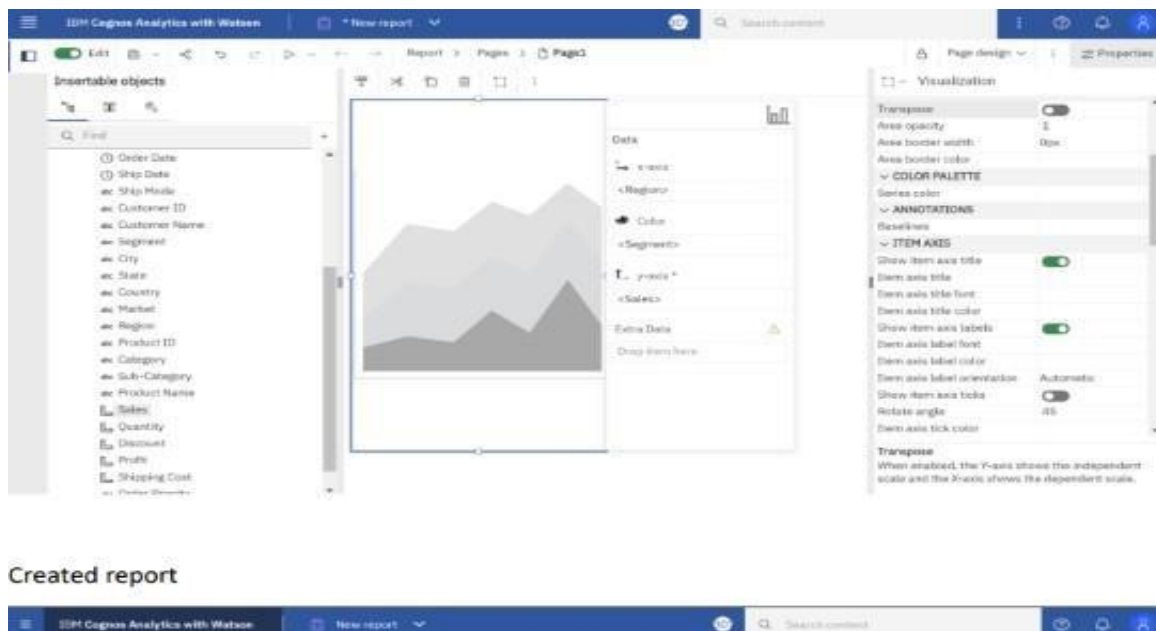

Click the visualization :

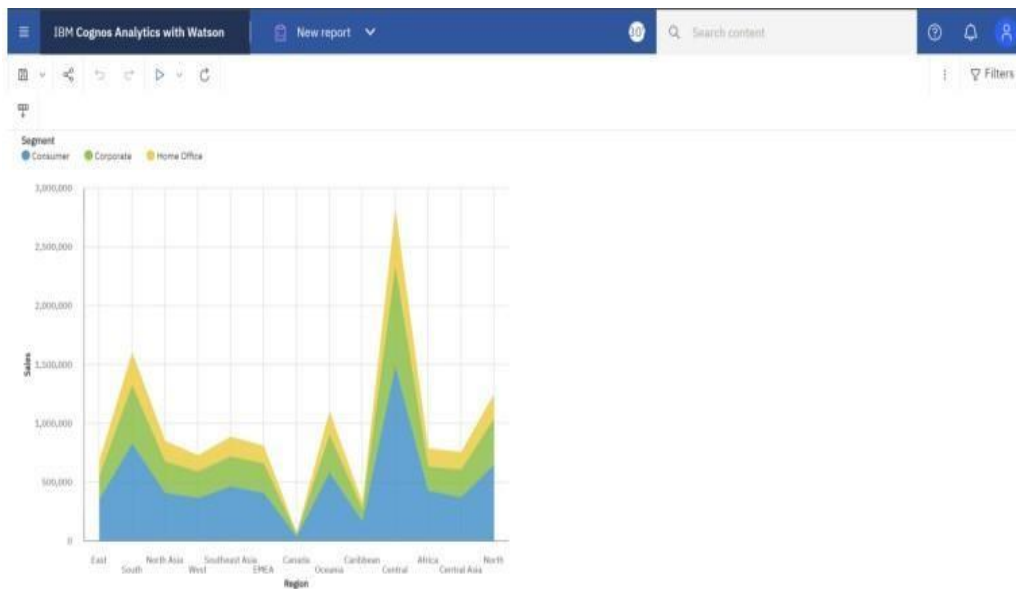

Select the visualization graphs:

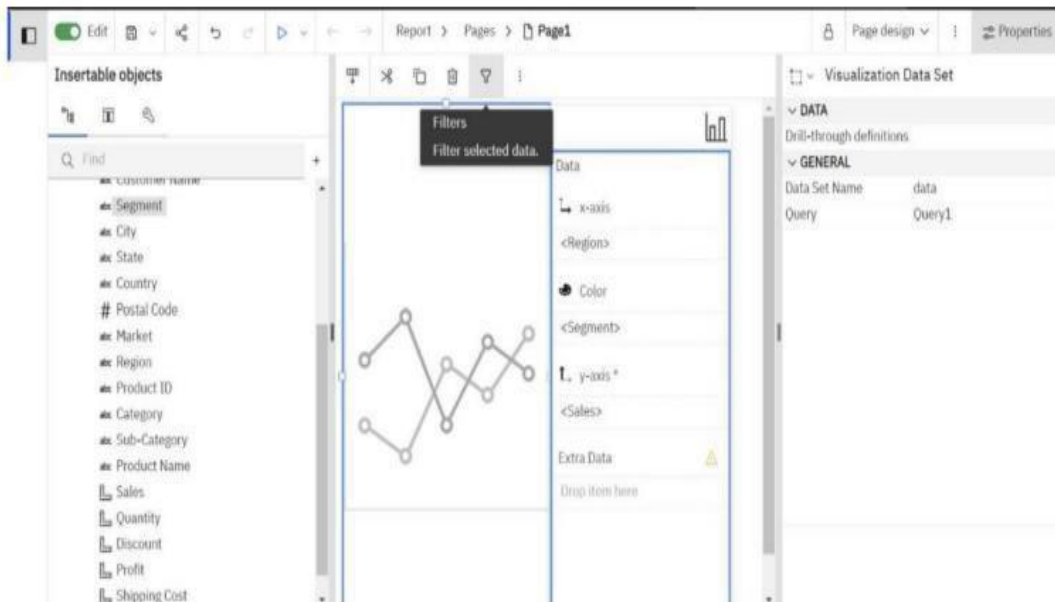

Select the fields to report and click on run HTML:

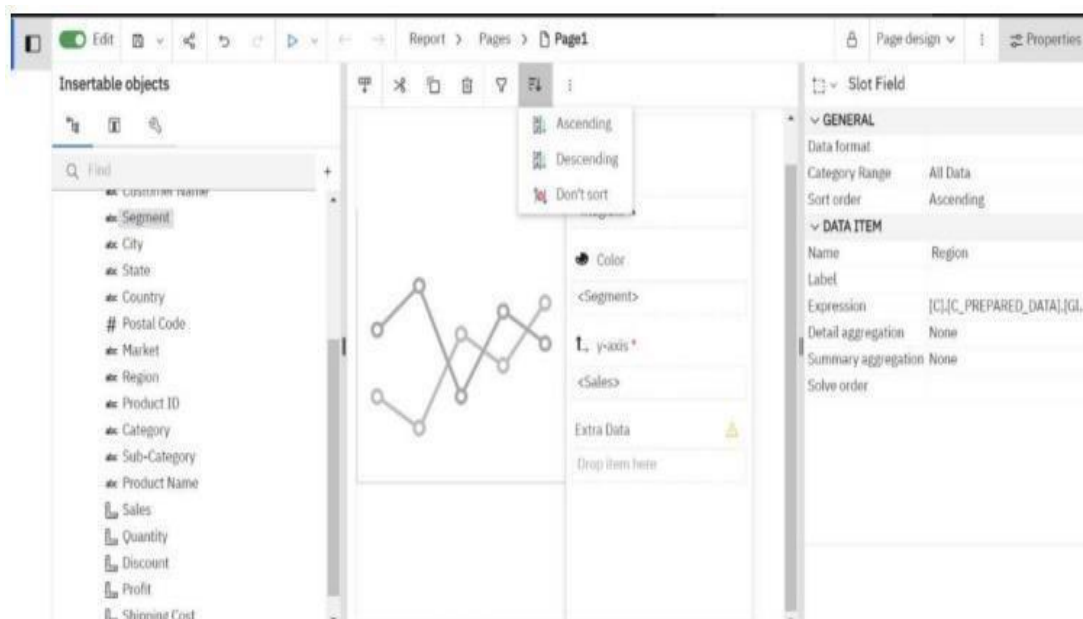

Created report :

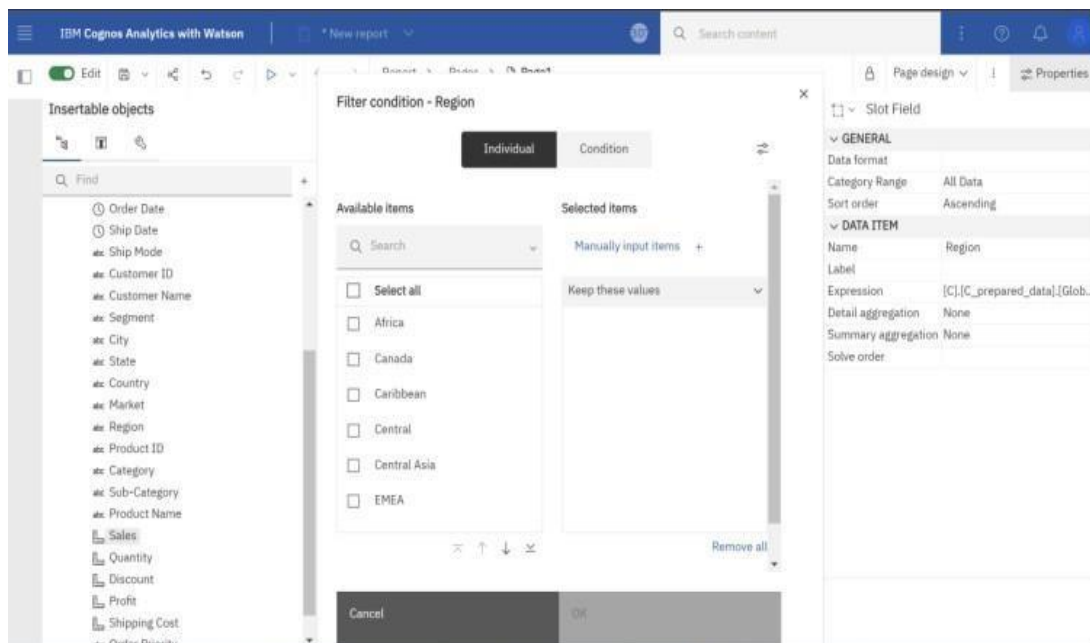

Filter the report:

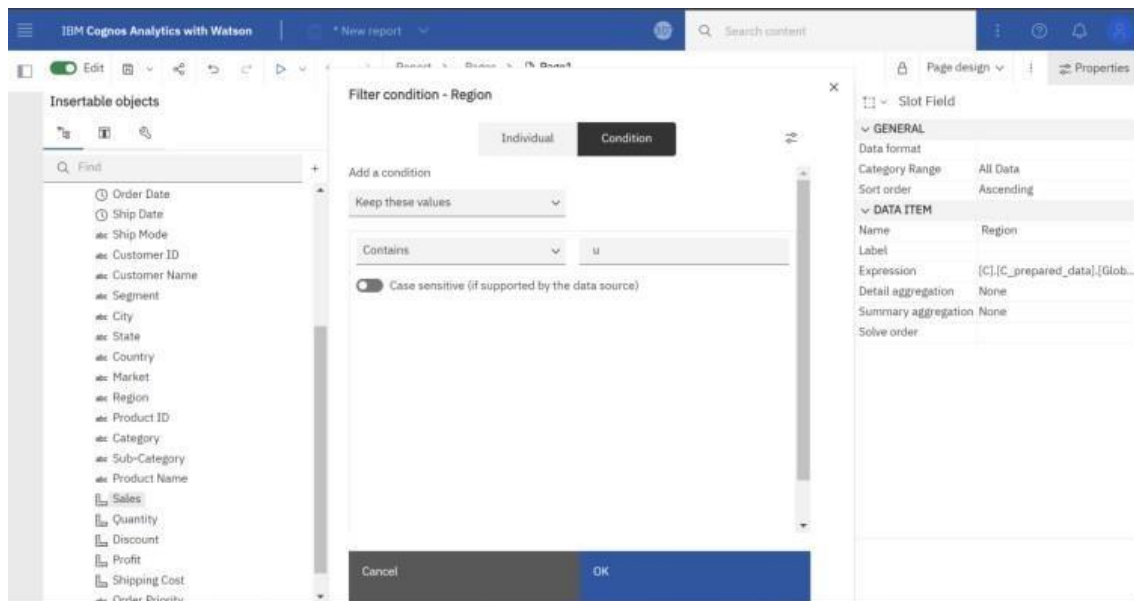

Sort the created report in required order:

Filtering condition:

Filter the fields other than the given condition:

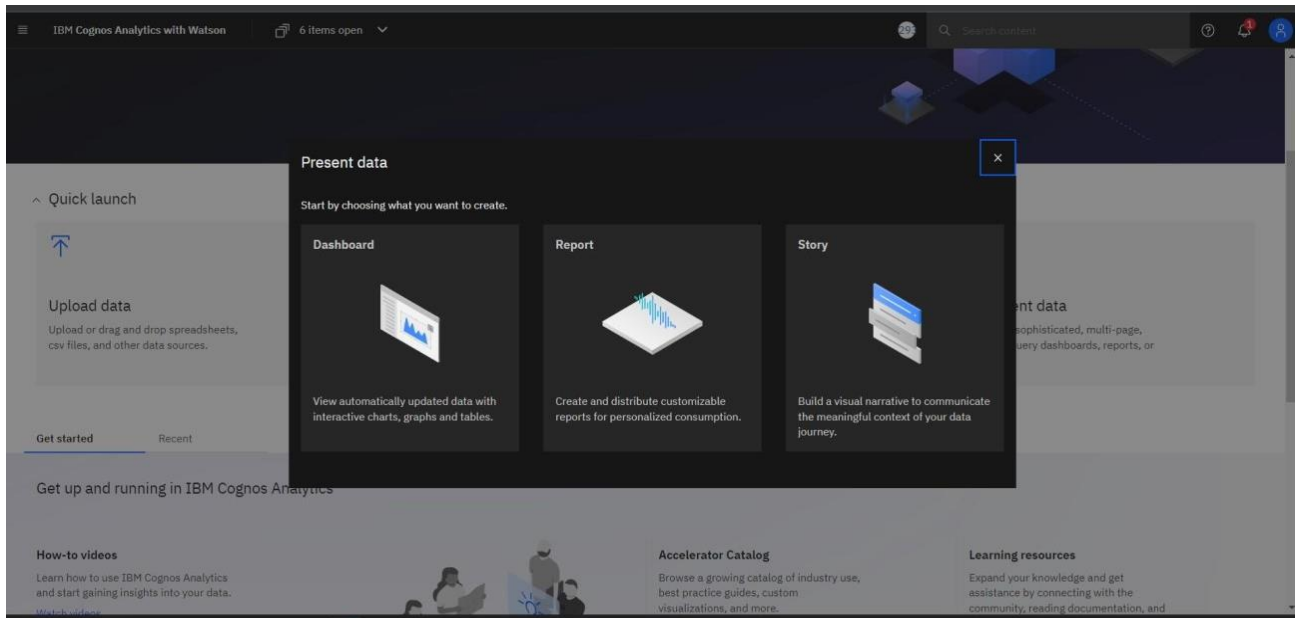

Created filter final report:

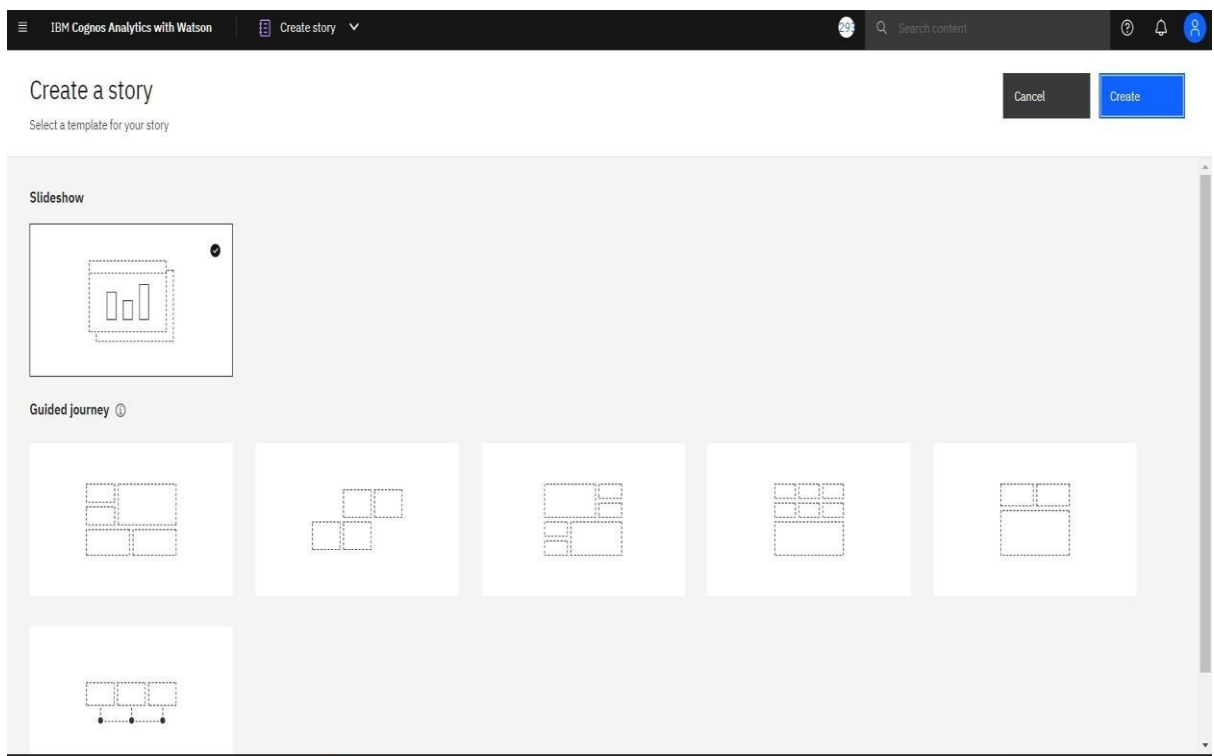

# STORY CREATION

Click story in present data :

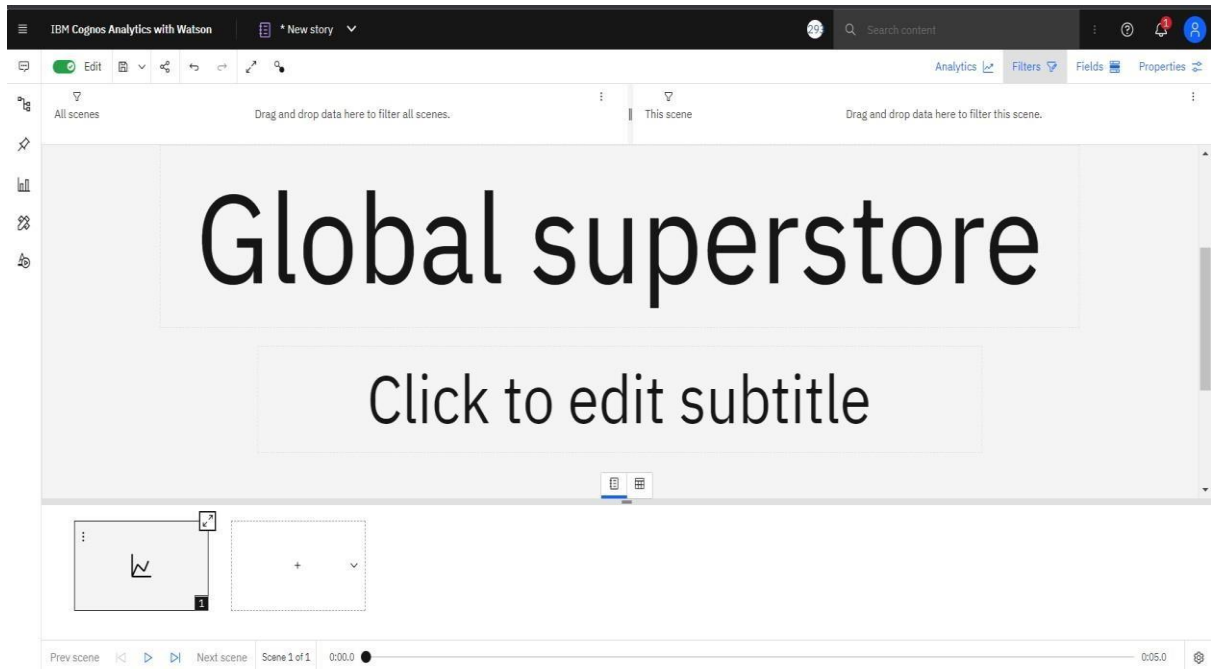

Create a story:

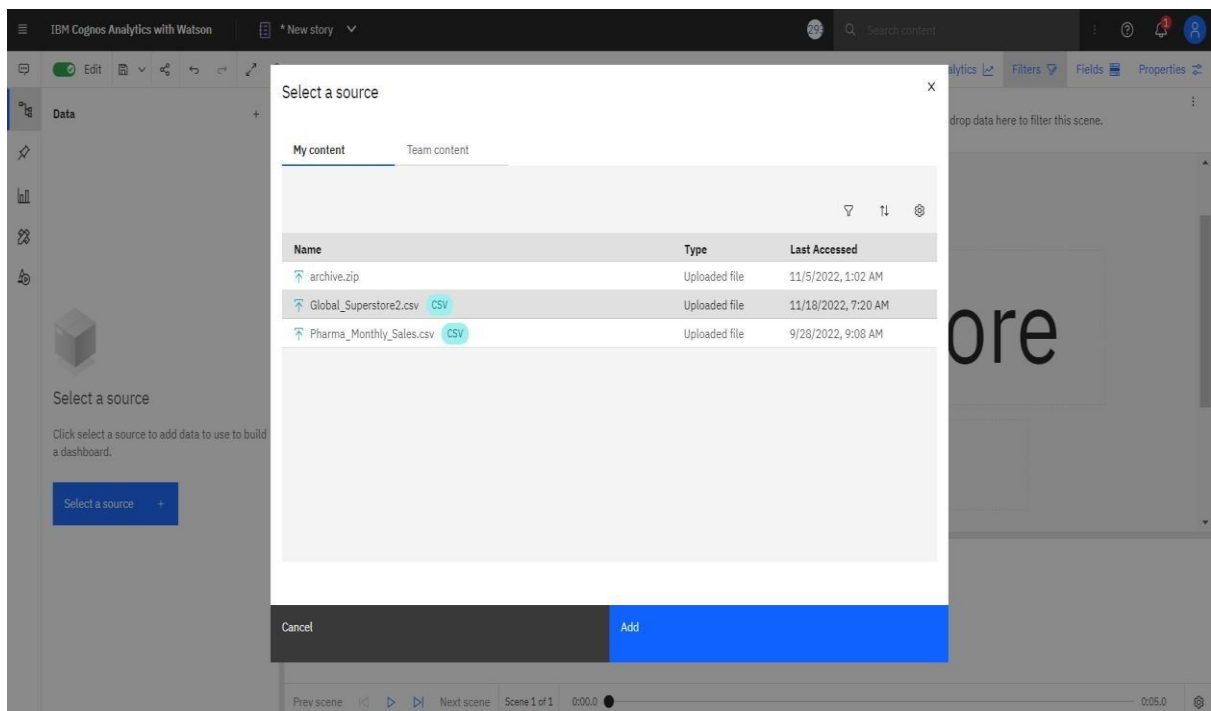

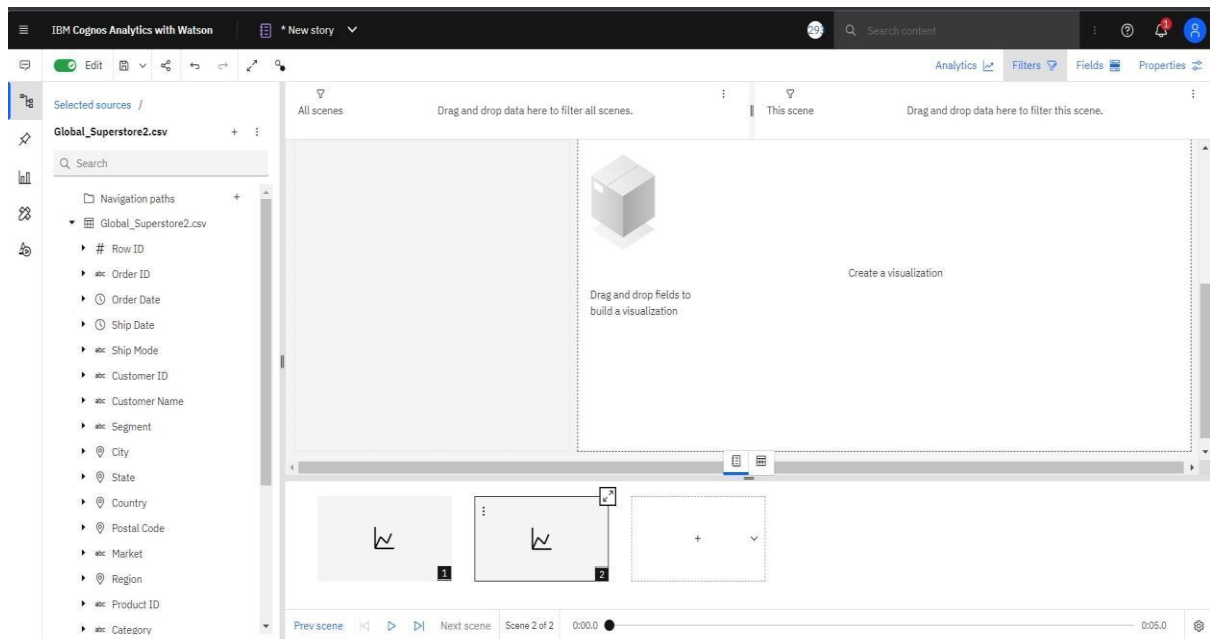

Create title for slideshow :

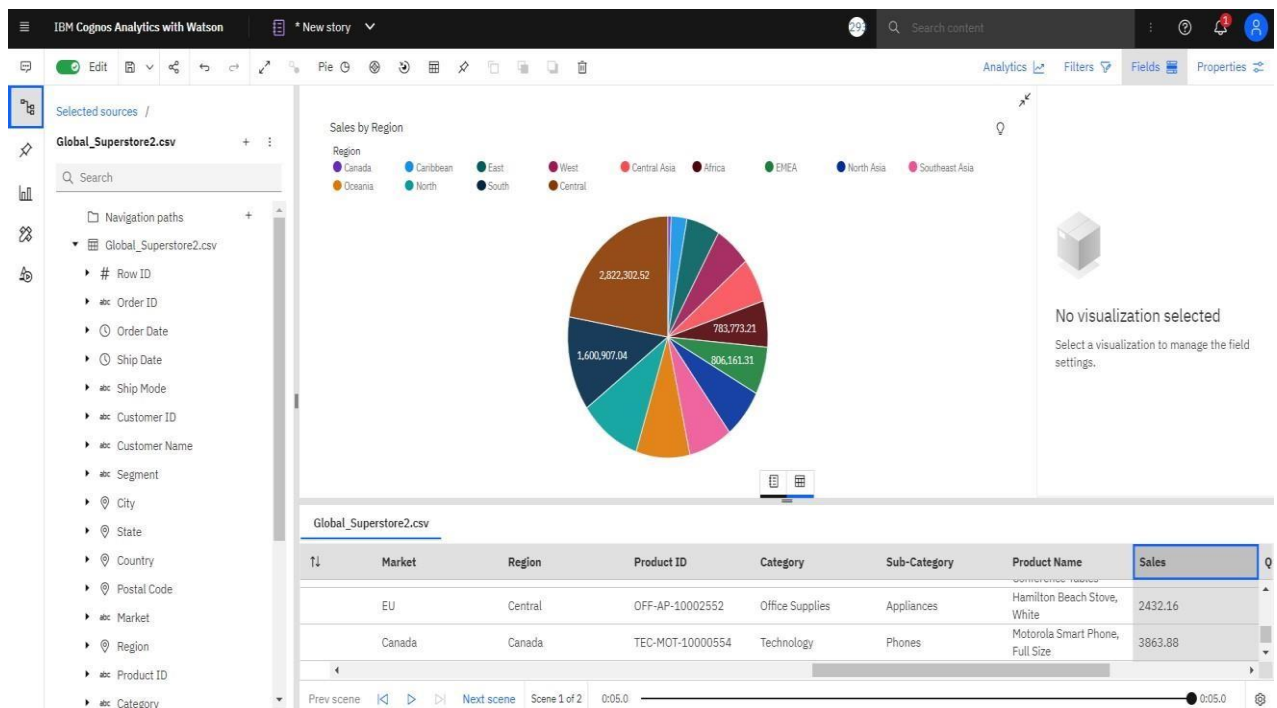

Select the dataset need to be created :

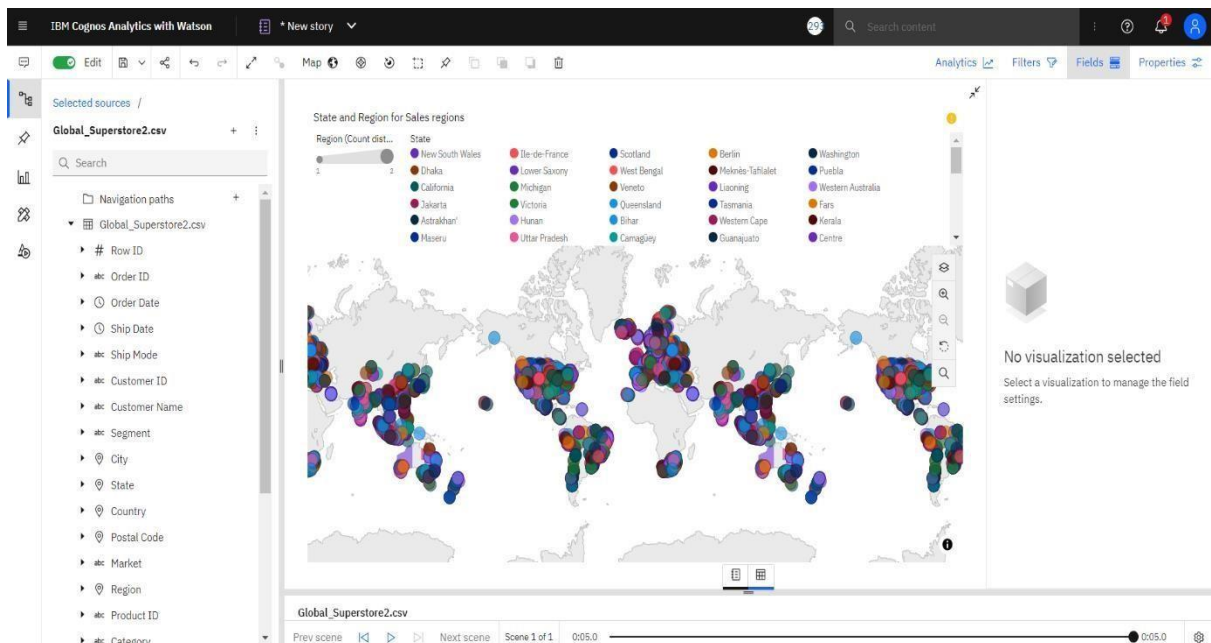

Add slides by clicking + icon:

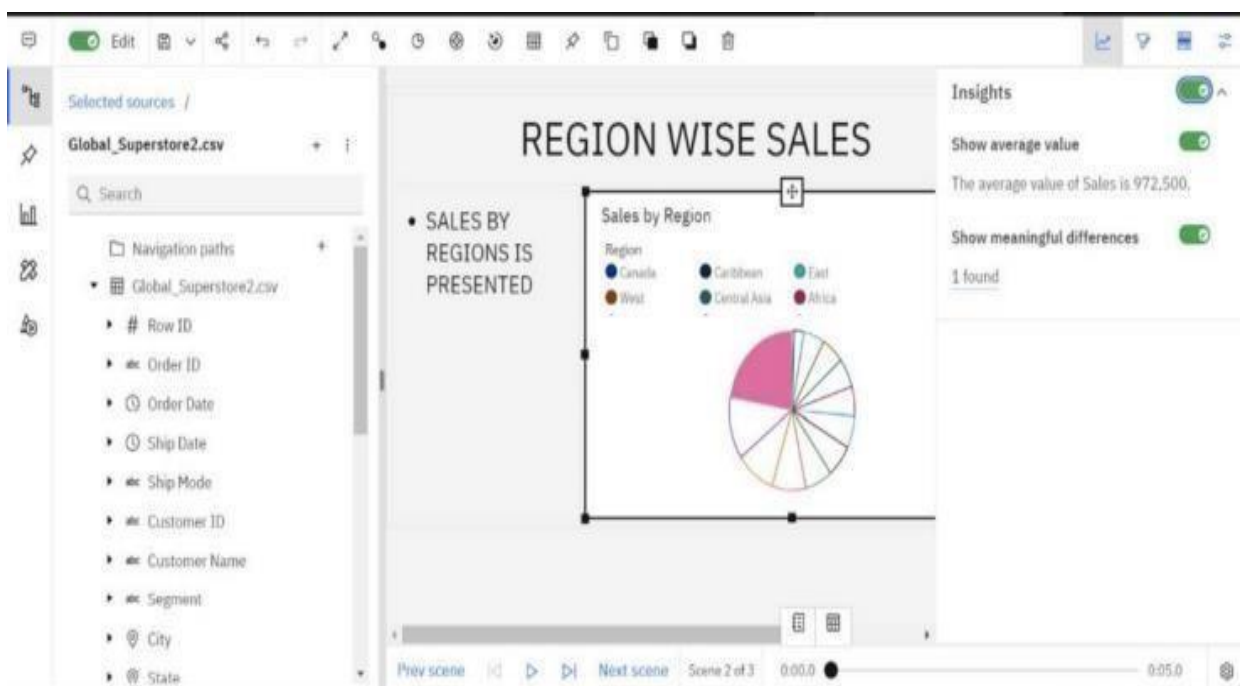

Created story page 1 for region wise sale :

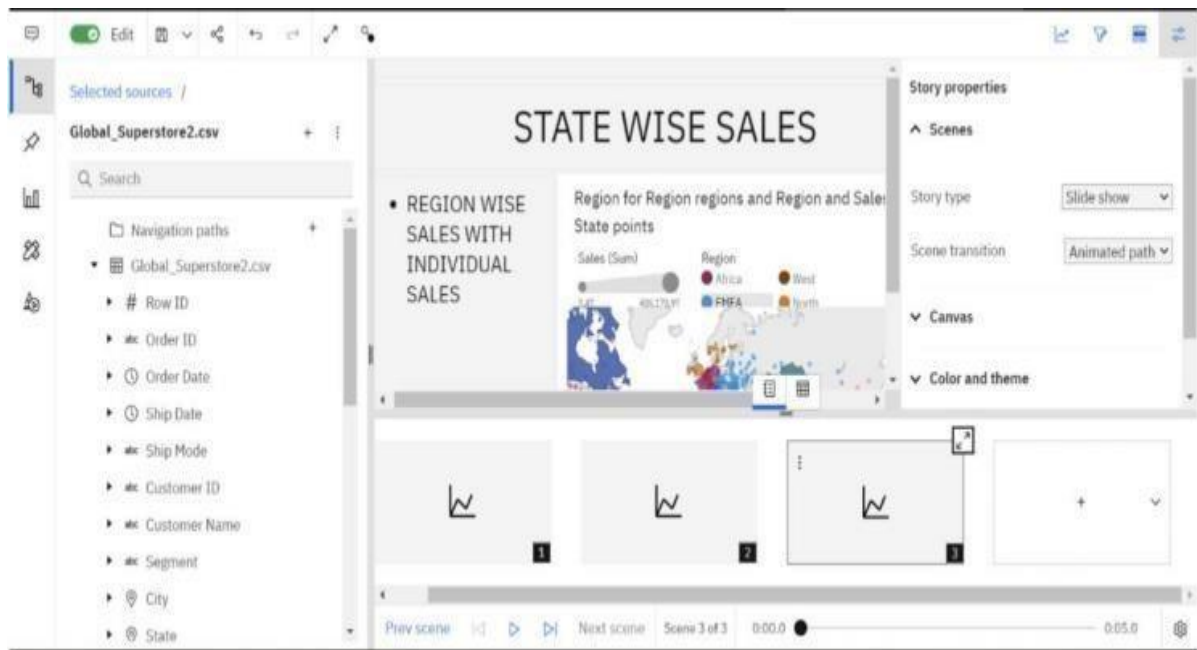

Add extra slides and create the state wise sales :

Select the insights where the average value would be detected :

Set all the slides in animated path for slideshow :

Save the story file :
